## **Asia-Pacific Regional Report 2016**

Ayumu Ota CECA Regional Coordinator for Asia-Pacific

The main task for the Asia-Pacific region are: to raise awareness CECA activities in the region, to develop a strong network of CECA members and friends, and to appoint national correspondents.

.

Once a month, emails were sent to our regional members and friends about the upcoming meetings, Board election, and other ICOM-related activities.

I have been in discussion about the possibility of having a regional meeting in Asia near future.

The ICOM General Conference will be held in Kyoto, Japan from September 1 to 7, 2019. The theme of the conference is "Museums as Cultural Hubs: The Future of Tradition." We look forward to welcoming CECA members and friends to Japan.
