- Promoting it on all social media platforms.
- Follow-up and communication with the registered.

3. DOCUMENTATION

ICOM Education 29 'Market of Ideas' Project Title "Doors.Please Touch".

4. **MORE ...**

Member of the Special Interest Group - SIG2 Professional Development of Museum Educators | Coordinator: Wencke Maderbacher – CECA Europe Regional Coordinator.

5. Regional Coordinator | Middle East & Maghreb

Several countries in the Middle East and Maghreb area do not have any ICOM National Committees and therefore the number of ICOM and CECA members in these countries is low.

For the upcoming year, I will be focusing more on the following to ensure that ICOM is well represented in these countries and that CECA gains more members. I already created a CECA Middle East & Maghreb Facebook page to communicate with museum professionals located in this area: https://www.facebook.com/cecamena.

Posting is done in ICOM 3 official languages with a special focus on Arabic in order to engage Arabic speaking members.

The next step would be updating the member's database and to communicate with the museum professionals all over the region.

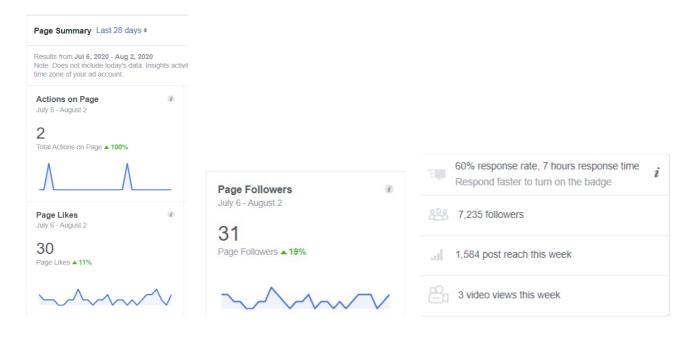

At last, I will help as much as possible to create ICOM National committees in countries where there is none.
