

## **Asia-Pacific Regional Report 2018**

Ayumu Ota  
CECA Regional Coordinator  
for Asia-Pacific

The main tasks for the Asia-Pacific region are: to raise awareness CECA activities in the region, to develop a strong network of CECA members and friends, and to appoint national correspondents.

Emails were sent to our regional members and friends of CECA about the annual conference, Best Practice Award, the regional meeting, and other CECA related activities.

From October 22 to 25, 2018, thanks to ICOM Korea, Korea Arts & Culture Education Service, the National Folk Museum of Korea, and our colleagues in Korea, the second Asia-Pacific Regional Meeting will be held at the National Folk Museum of Korea, Seoul, Korea. The theme is "Education and Cultural Action in Museums: Between Old and New Meanings," and we will continue the discussion of this year's annual conference in Tbilisi, Georgia.

The ICOM General Conference will be held at Kyoto International Conference Center in Kyoto, Japan from September 1 to 7, 2019. The theme of the conference is "Museums as Cultural Hubs: The Future of Tradition."

The website of the conference: [www.icom-kyoto-2019.org](http://www.icom-kyoto-2019.org)

The theme of the CECA Annual Conference is "Roles of Museum Education: Supporting Self and Society."

We look forward to welcoming CECA members and friends to Japan.
