

## **ICOM-CECA Report 2022**

Angela Manders

Coordinator CECA Newsletter

Since February 2020, we started a CECA newsletter with the aim of informing and involving members as much as possible about the activities within CECA. Initially, we sent this letter only to the CECA Board including the Regional Coordinators and National correspondents to further distribute the letter to members. We did this through MailChimp.

Last year, however, we decided to send the newsletter personally to every member of CECA. This means we send the letter to 2353 ICOM-CECA members. We distribute the letter in ICOM's three official languages, English, French and Spanish. We realize, nevertheless, that we are not yet reaching everyone. This is due to several reasons, including the incompleteness of the IRIS database, old email addresses and problematic access to internet. We hope to change this and aim to reach as many members as possible.

In the past year, we have paid attention to the process of arriving at a new museum definition, the CECA conference in Leuven (2021), the General conference in Prague (2022) and the regional conference in Denmark (2022), the CECA Best Practice Award, the Colette Dufresne-Tassé Award (research), the elections for the new CECA Board and the Young Members Grant.

Next year, we will send out a quarterly newsletter, with important dates and information on ongoing issues. In between, we can expect some extra newsletters focusing on a particular topic or event.

Below are the links to the relevant newsletters. All newsletters can also be found on the CECA website as pdf files:
