### CALL FOR PAPERS

**Museums: shaping the future of education** is the theme of the next annual CECA conference in Singapore

**The theme covers the following topics but are not limited to:**

1. **New technologies or approach for learning**
  - How can digital access expand learning opportunities and empower audiences?
2. **Accessibility**
  - What models of inclusion can museum educators share?
3. **Partnerships / Co-creations**
  - What are some examples of programmes that empower the underserved communities / audiences?

4. **Innovative strategies**

- How can we bridge the gaps (between schools and museums, museums and audiences, etc.)?
- What are some innovative ways to engage various audiences?

5. **Life-long learning**

- How can museum spaces be used to promote life-long learning?

6. **Museums as future classroom**

- What do you envision the future of museum experience to look like?
- Impact of museum education? How has the use of technology impacted museum experience/teaching/learning?

The aim of this conference is to promote dialogue, share examples and ideas as well as research.

**Formats of presentations:**

- Research paper 20mn;
- Thematic paper 15mn;
- Market of ideas 7mn;
- Posters

The conference is going to happen only on site. Presentations will be recorded and visible on YouTube.

Please submit your proposal through : **[nhb\\_educationprogrammes@nhb.gov.sg](mailto:nhb_educationprogrammes@nhb.gov.sg)**

**Registration for attending the conference will be mandatory but free for ICOM members.**
