

ICOM-CECA Report 2023
Angela Manders
Coordinator CECA Newsletter

Since February 2020, we started a CECA newsletter with the aim of informing and involving members as much as possible about the activities within CECA. This means we send the letter to 2693 ICOM-CECA members. It is sent in ICOM's three official languages, English, French and Spanish. We aim to reach as many members as possible and realise that we do not yet reach everyone. This has several reasons, including the incompleteness of the IRIS database, old e-mail addresses and access to the Internet. We hope to improve on this.

In the past year, we have paid special attention to the CECA Best Practice Award 2023, the Colette Dufresne-Tassé Award 2023 (research), the Young Members Network (YMN) and Award, the Special Interest Groups (SIG) and the CECA Annual Conference in Singapore (November 2023).

Next year, we will again send out a quarterly newsletter, with important dates and information on ongoing issues. In between, you can expect some newsletters focusing on a particular topic or event.

Below are the links to the relevant newsletters. All newsletters can also be found on the CECA website as pdf files:
