

ICOM-CECA Report 2023

Angela Manders

Coordinator CECA Newsletter

Since February 2020, we started a CECA newsletter with the aim of informing and involving members as much as possible about the activities within CECA. This means we send the letter to 2649 ICOM-CECA members. We also spread the newsletters on social media channels. It is sent in ICOM's three official languages, English, French and Spanish. We aim to reach as many members as possible and realise that we do not yet reach everyone. This has several reasons, including the incompleteness of the IRIS database, old e-mail addresses and access to the Internet. We hope to improve on this.

In the past year, we have sent 5 newsletters.

Below are the links to the relevant newsletters. All newsletters can also be found on the CECA website as pdf files:
